## Transition of EU cities towards a new concept of Smart Life and Economy

3 Lighthouse Cities • 4 Follower Cities •  
28 partners • 7 countries

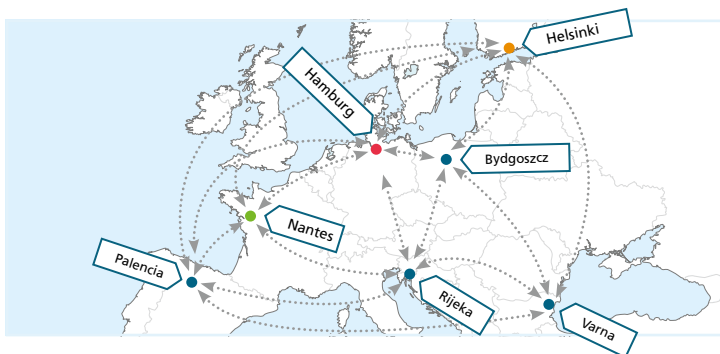

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 731297.

# The mySMARTLife Concept

## mySMARTLife Objectives:

- Transforming current cities into more sustainable places where smart people and a smart economy become reality.
- Making cities more environmentally friendly by reducing CO<sub>2</sub> emissions and increasing the use of renewable energy sources.
- Making cities more inclusive and allowing a high quality of life.
- Involving citizens in the development of an integrated urban transformation strategy, which is easily transferable to other cities.
- Implementing more than 150 actions in the three lighthouse cities of Nantes, Hamburg and Helsinki.
- Passing on experiences to the four follower cities (Bydgoszcz, Varna, Rijeka and Palencia) as well as inviting other European cities to join the mySMARTLife cities network to share their experience.
